New projects

[CSIRO ACDP Part Life Refit Project](#)

BESIX Watpac is delivering CSIRO's new five-level wing at the Australian Centre for Disease Preparedness in Geelong via a Design & Construct model. The facility includes 1,400m² of high-containment BSL-3 laboratories and supporting infrastructure, enhancing Australia's infectious disease research, surveillance, and biosecurity capabilities.

[The Fox: NGV Contemporary*](#)

The Fox: NGV Contemporary will be the largest gallery dedicated to contemporary art and design in Australia. Once completed, it will comprise of an overall area of 30,000 square metres. Of this, more than 13,000 square metres will be dedicated display space for art and design, including exhibition galleries and an expansive rooftop terrace.

[Watta Wella Renewable Energy Project](#)

The Watta Wella Renewable Energy Project is being developed by RES Australia, one of the world's largest independent renewable energy companies with extensive experience in the development, construction and operation of renewable energy projects globally. The project is progressing through design, procurement and delivery planning following receipt of planning approval in June 2026.
